Progression and Career Opportunities

A knowledge of business and business processes can be useful in many different jobs including roles within the administrative and clerical job family, accountancy, banking and finance, and retail sales and customer services. It will also be useful if you are thinking about setting up your own business or being self-employed in the future. It will also give you a head start for those students who want to continue into higher education and sit degrees in Business, Economics, Accountancy, Finance etc

“Studying this course has allowed me to see how an effective business should operate and therefore has given me a real insight into how I would operate with in a business or maybe even how I would run my own business.”
